Education Academy of Computational Life Sciences

ACLS Seminar

Date : Thursday, March 10, 2016

Time : 2:00pm–3:00pm

Venue: J3–405, Suzukakedai campus

Speaker: Susi Sturzenegger Varvayanis

(Senior Director, Cornell BEST Program)

“A New Paradigm for Graduate Education”

About BEST (Broadening Experiences in Scientific Training): Cornell University BEST is part of an NIH funded consortium of 17 universities charged with coming up with bold and innovative approaches to increase trainee exposure to multiple career options for PhDs. Its mission is to enhance training opportunities for graduate students and postdoctoral scholars to prepare for careers beyond conventional academic research.

This seminar is held in English.
